## TECHNICAL DATA

### PRO 57 BIO URINAL CUBES

Suitable for use in all models of urinal.  
Pro 57 cubes can also be placed in the  
cistern of toilets.

#### Description:

Pro 57 Bio Urinal Cubes are water soluble with both a biological and enzymatic cleaning efficiency. They are formulated to breakdown organic matter and body wastes, biologically preventing the build-up of wastes and scale in urinal traps and pipework preventing odours, slow running outlets and flooding.

These unique blocks dissolve faster in busy washrooms but do not dissolve in the atmosphere. Each time the urinal is used a biological cleaning solution is flushed into the pipework which removes the cause of offensive odours.

#### Benefits:

- Pro 57 urinal cubes do not contain para dichlorobenzene and are safer to use and store than conventional pDCB blocks.
- Pro 57 bio blocks are completely biodegradable.
- Prevents blocked traps and pipes.
- Removes malodours.
- Reduces urinal flushing frequency.

#### Instructions for use:

Place 1 Bio Urinal Cube in each individual urinal or one block every 30-45cm in communal troughs. Pro 57 cubes can also be placed in the cistern tanks of toilets.

**NOTE:** The use of toxic cleaners such as acids, caustics and bleaches will have a detrimental effect on the biological activity and should not be used with Pro 57 Bio Urinal Cubes.

## TECHNICAL DATA

### PRO 57 BIO URINAL CUBES

#### Contains:

Sodium Alkylbenzenesulphonate, citral, coumarin, hexyl cinnamal, butylphenyl methylpropional, limonene, linalool, hydroxyisohexyl 3-cyclohexene carboxaldehyde

#### Care:

Danger: May cause an allergic reaction. Causes skin irritation. Causes serious eye damage. Wear protective gloves/protective clothing/eye protection.  
IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do so. Continue rinsing. IF ON SKIN: Wash with plenty of water. If skin irritation occurs: Get medical attention.  
Keep out of the reach of children.

State	Waxy solid
Appearance	Green
Odour	Herbal fragrance
pH	6-8 (1% solution @ 20°C)
Solubility in water	Soluble in water

#### Available sizes and ordering codes:

Available in 1 x tub of 50 cubes PRO57-50
