TECHNICAL DATA

PRO 88 GUM REMOVER

Suitable for use all washable hard and soft surfaces. Do not use on rubber/latex and polycarbonate.

Description:

Pro 88 Gum Remover is a unique product that makes the removal of chewing gum from a wide variety of surfaces quick and easy. Contains no CFCs or other harmful solvents, this product is more effective than the popular 'freeze-dry' method and is completely biodegradable.

Benefits:

- Cuts down labour time.
- Makes the removal of chewing gum quick and easy leaving surfaces like new.
- Free from harmful or damaging solvents.

Instructions for use:

Shake well before use.

Apply Pro 88 to the gum deposit, leave for a few minutes and scrape with a suitable tool for the removal of chewing gum.

Tip: Piercing the chewing gum first with a screwdriver or small tool before applying Pro 88 will help the product reach the underside of the deposit faster for even quicker removal.

Pro 88 is water soluble and will leave no residue behind.

Activating time:
Chewing gum: 5-10 minutes
Other glues or deposits: 1-5 minutes

Note: Always test on an inconspicuous area before general use.
