

TECHNICAL DATA

PRO 89 ADHESIVE & GRAFFITI REMOVER

Suitable for use all washable hard surfaces.

Description:

A versatile liquid solvent for the easy removal of adhesive residue, paints and inks.

Benefits:

- Removes a broad range of paints and inks from hard surfaces quickly and easily.
- Great for the removal of residue left behind from stickers and adhesives.
- Easy to use - simply spray and wipe off.

Instructions for use:

Always shake before use.

Spray or brush onto the affected surface.

Leave to work for a few minutes, then wipe off or wash with clean water.

If graffiti is being removed from paintwork or plastics test on a small discrete area before general application.
